*Quantities are limited in many of the leading commercial varieties. Our supply of trees was normal but orders of last fall and late winter have depleted our stock. The varieties starred are sold out except in very limited quantities.

We list all varieties to inform you what we have raised this past season and will be having for the 1946-47 plantings.

Our Trees Are Inspected for Trueness-to-Name

Our Apple and Peach Trees have been inspected and pronounced true to name as they stand in the nursery rows by Dr. A. P. French, Dr. O. C. Roberts and Dr. L. Southwick, Professors of Pomology of Massachusetts State College, Amherst, Mass. These men are the world's foremost fruit identification specialists.

LOCATION

Our Nursery is situated in the heart of the Adams County Fruit Belt, 10 miles north of Gettysburg, midway between Cash-town and Arendtsville on hard surface road 1001.

No Business Transacted on Sunday.

NOTICE TO PURCHASERS

We use the greatest care to have our stock reliable and true to name, and will, on proper proof, replace anything that may not prove to name. We do not give any warranty. It is mutually agreed between the purchaser and ourselves that we shall not be held responsible, from any cause, for more than the original cost of the trees.

We have had 43 years' experience in growing fruit and have 150 acres in Fruit and Nursery Stock. Practically all our nursery stock is budded and grafted from our own bearing stock.
